Technically an octave higher, but MuseScore wouldn't play it.				
			Looks really messy sorry.	

$m{n}p$	ppp = mf > ppp = mf > pp = mf > ppp	pp < mf $pp p < mp p < mp p < mp p < mp p > mp p < mf p < mf p < mf p < mf = mp p$	pp < mp > p < mp > p < mp > pp < mp > mp >	\leq $mp > pp < mp \longrightarrow pp$
			Probably should spit this into separate instruments or something.
