El. Guit. 7

Guit.

Guit. 2

El. B.

(no idea how to notate the glissando and MuseScore doesn't play the grace notes correctly)

(bend should be more gradual)

let ring -----4

This part is so distorted (and combined with other parts) difficult to actually tell what's going on.

Guit.

Guit. 2

El. B.

(definitely not exactly octuplets but it starts in the right spot)

(also not exact but close)

(this is almost definitely inaccurate)

El. B.

*mf*

*f*

(pitch shifted up an octave)

8

let ring

I probably *shouldn't* have copied and pasted, but any differences there

(every phrase starts panned fully right but pans fully left at the end, but that's impossible in MuseScore if I want to use Muse Sounds)

El. Guit. 7

Guit.

Guit. 2

El. B.

(this is almost definitely wrong but it's practically inaudible over the organ)

(less precise)

(this is almost definitely inaccurate)

let ring ----- 4

become confused in the middle of the measure

46

[illegible]
